ENTERING THE CHILDREN'S ACADEMY

EDUCATION & CURRICULUM:

A Positive Learning Experience:

The Children's Academy specializes in pre-school education. Children from the age of 6 weeks old to 5 years of age are accepted for enrollment. When The Children's Academy has no vacancies, families may join a waiting list for future enrollment of their children. The priority waiting list is for parents who already have a child attending one of our schools and members of the Community of Hope United Methodist Church. Vacancies are filled from the top of the priority list first and then from the top of the general list.

No child at The Children's Academy shall be denied benefits or discriminated against because of religious belief, color, nationality or gender.

Our goal for each family entering our school is to leave feeling that their child has personally benefited by attending and that our childcare center has been a positive and rewarding experience.

How Classrooms are assigned:

Age and developmental stage determine how children are assigned to classrooms. Each class has a primary teacher. Our program is based on each child's social, emotional, and physical developmental needs. When a child is ready for an older group, parents are advised as to when the child should be transferred to another class. We believe that children are happy and secure when they have plenty of opportunities to succeed each day. This promotes self-confidence and as a result they develop into well-rounded adults.

Infants (Community of Hope Campus Only)

Babies are enrolled in the Infant Classroom at six weeks of age and generally will move out at approximately one year of age. The Infants are on their own schedule. They will eat when they are hungry and sleep when they are tired. Parents are responsible for bringing their own diapers, wipes, formula, and food. Each baby has his or her own crib. Sheets are changed daily and toys are disinfected daily as well. Parents should fill out the daily infant sheet when they arrive in the morning and pick up the sheet when they leave at night. Please make sure you Infant's feeding schedule is updated and signed once every 30 days.

The Infant curriculum centers around large motor skills, fine motor skills, music, and language. There is a great deal of floor time spent with every baby every day.

Toddler 1

Children will enter Toddler 1 at approximately the age of 12 months and will remain until approximately 18 months. Toddler 1 is the classroom that the School uses to transition the children from the Infant's schedule to the School schedule. Toddler 1's will go down for nap on mats at 12:30. Lunch is served at 11:30 AM. The parent is still responsible for diapers, and wipes. Toys in Toddler 1 are disinfected daily. The Toddler 1 curriculum centers on physical skills. Music and story time are very important at this age. We begin to introduce Spanish as a second language.

The Children's Academy

Toddler 2

Children that are 18 months to approximately 24 months are in the Toddler 2 class. Toddlers 2's are now on the center's schedule and food. They receive breakfast, an afternoon snack and a prepared nutritional lunch every day. Parents are still required to supply diapers and wipes. Nap time is at 12:30 PM and Toddler 2's sleep on mats.

In Toddler 2 the curriculum starts working on memorization and flash cards. Simple words, letters of the alphabet, and numbers are introduced. Spanish sentences are demonstrated and Spanish words are taught. Music is two days a week and Spanish is taught one day a week. Bible stories are taught every day. Toddler 2's will receive daily physical education classes.

Two's

The children are generally 24 to 36 months old. Most potty training takes place in the two's class. Parents will find that pull-ups, rather than diapers, work best in this classroom. Parents are still responsible for supplying wipes. Class starts at 8:30 AM, and parents are encouraged to have their children in class at that time.

The Pinnacle Christian Curriculum and Montessori Principles is the core academic program we use. Art is now a major part of learning and is taught 3 days a week. Spanish is taught 3 days a week and bible stories every day of the week.

Pre-Kindergarten

To enter the Pre-K class a child must be a minimum of three years of age and must be completely potty trained. The Pre-K Class has children that are ages three and four. Our Pre-K Classrooms operate on a child mentoring system like the Montessori Method. The older children help to teach and mentor the younger children. This helps the younger children learn much faster and allows the older child to develop very important leadership and teaching skills, while at the same time solidifying what they have already learned. This is a great opportunity for the children to demonstrate mutual respect towards each other and with the adults they come in contact with throughout the day.

Spanish is taught 3 days a week, Bible Stories each day, music twice a week, and art three times a week. The Christian based Pinnacle Curriculum and Montessori Principles are used in the Pre-School Classroom. The works in the room are designed to develop a specific skill in each child.

Classroom Environment:

Our center is clean, safe, and well planned. Our administrators and teachers are responsible for ensuring this. 100% of our staff is First Aid and CPR certified. We provide activities specially designed for each child's developmental level. Our child sized restroom facilities, sinks and equipment help promote self reliance and confidence. Your child will be enriched with age appropriate toys, art, books, and computers. Because of possession problems outside toys are not allowed in the school. The first time a child brings a toy to school the teacher will pick up the toy and return it to the parent during pickup. The exception to this is organized show and tell days and stuffed animals that are used during nap time.

Positive Guidance/Discipline:

Our program is designed to encourage independence and self-control. We focus on positive reinforcement. If minor behavior problems occur the child will be redirected. We will help each child to understand what they feel and use appropriate methods to handle those feelings. When necessary, parent conferences may be requested. Discipline at our center is aimed on teaching the child self-control. When a child refuses to cooperate with the teacher that child is placed in "thinking

The Children's Academy

time" where they can observe but not participate with the group. The child will be allowed to return to the group when they are willing to cooperate. The Children's Academy staff will work with parents in solving behavioral problems. If a child or parent persists in behavior which is detrimental to other children or the center that family may be dismissed from enrollment without notice.

Our Staff:

Members of our staff are carefully selected, trained, and evaluated to ensure that they conform to The Children's Academy philosophy of childcare. Each teacher must have the skills to meet the early education needs of children. Our teachers receive ongoing training to reinforce their childcare and early education skills. We also provide training for CPR and First Aide certification.

We support the professional development of our staff. Every staff member is required to complete training goals each year of their employment. Each goal is directed to improve curriculum, social interaction, and health and safety.

GENERAL POLICIES:

Outdoor Play:

Each room's daily schedule includes two outdoor periods (infants to pre-school). If the temperature is 40 degrees or above, wind chill is taken into consideration, and the ground is not damp or wet, the children will go outside twice a day.
